Company Overview:

EROS is dedicated to evolving, collaborating, and customizing solutions to address emerging risks and challenges to your operations. Founded by Cindy Hart in January 2025, EROS leverages over 25 years of experience across various global, complex industries, including Financial Services, Oil & Gas, Technology, Manufacturing, and Retail.

Core Competencies:

EROS provides tailored risk advisory and consulting services to help organizations navigate emerging threats and operational challenges. Our services are grounded in industry-leading frameworks and customized to align with each client's strategic goals and risk appetite.

- **Board Advisory Services**
  Governance, strategic risk insights, and independent expertise for executive leadership and boards.

- **Professional Services**
  AI integration, transaction flow mapping, system functionality, issue remediation, and resourcing solutions.

- **Process Advisory Services**
  Operational assessments, benchmarking, training, policy development, and internal quality reviews.

Differentiators:

- **Customized Solutions:**
  Tailored approaches that align with your unique risk appetite and strategic objectives.

- **Comprehensive Perspective:**
  Risk identification and assessment that considers the perspectives of impacted parties (e.g., customers, employees, stakeholders, and the organization/agency).

- **Experienced Leadership:**
  Led by Cindy Hart, who brings extensive experience from industry, consulting, and Big 4 firms.

CAPABILITY STATEMENT

Past Performance:

- **Adaptable Partner:**
  Successfully partnered with leadership teams, committees, and boards to address emerging risks.

- **Collaborative Problem Solving:**
  Collaborated with various teams to solve challenges impacting strategic objectives.

- **Innovative, Solution Driven**
  Consulted with business, technology, compliance, and internal audit teams to enhance processes and reduce negative experiences.
